

Callout boxes

! Note that there are five types of callouts, including: **note**, **warning**, **important**, **tip**, and **caution**.

💡 Hello, is it me you're looking for?

This should be an example of a callout with a caption. So add a caption!

🔥 Expand To Learn About Collapse

This should be an example of a “folded” caution callout that can be expanded by the user. You can use `collapse="true"` to collapse it by default or `collapse="false"` to make a collapsible callout that is expanded by default. Try adding these to attributes.

⚠️ Important warning
